CHOLULA Y ATLIXCO

The archaeological zone of Cholula, site of the largest pyramid in Mesoamerica, with nearly a million cubic meters, is the most important explored prehispanic settlement until now in the state of Puebla, and one of the principal explored sites along with the altar square.

Atlixco is a magic town. Visiting this place is an aromatic and multicolored adventure. This town shows off its climate as the superior in México since there are trees, flowers, fruits and plants all over the place at any time of the year.
