ZACATLÁN AND PILED STONES VALLEY

Zacatlán is a magic town in Puebla, always accompanied by fog. Live on the edge of the beautiful cliff “Los Jilgueros”. The customs in this place are baking bread everyday, the fabrication of monumental clocks and the fruit cultivation that soil gives. Since the apples are the most abundant fruit of this place, they are dehydrated or are prepared into liquors and marmalades.

The beautiful volcanic origin stone valley, of approximately 1 to 2 million years old, is a challenge for your imagination and for the laws of gravity. It is composed of stunning and enigmatic rock formations that erosion has shaped over millions of years. You will find figures such as the seated elephant, Popeyes’ head, the seal, the owl, the virgin, etc. Tour on a horse drawn carriage.
