IZTA — POPO HIKING

This park covers almost 4000 ha between the states of Puebla, Morelos, and México. It is part of the Sierra Nevada, a mountain range that divides the valley of Mexico and Puebla, it is located on the east-center of the volcano axis.

It has been a protected area since 1935 due to the ample water supply, as well as for optimal flora, fauna, forest preservation, and also to maintain its natural beauty. In 2010 it was declared a Biosphere Reserve by UNESCO.
